Organization Chart

Student feedback mechanism on Institutional Governance/faculty performance

The online feedback about the teaching learning process is taken from the students once in a semester. This feedback is analyzed and necessary corrective actions for improvement are initiated by the Academic Monitoring Committee (AMC). The feedback is based on the following parameters like subject preparation, ability to deliver, presentation skills etc.

	Grievance Redressal Mechanism for faculty, staff and students	<p>The respective staff-councils shall be the appropriate forum for airing grievances and seeking Redressal. Sub-committees shall, if necessary, be constituted to look into the matter for the just resolution of the grievances. In the event of a sub- committee looking into the matter, the decision shall be arrived at by consensus and communicated in 14 days' time. In case the aggrieved staff is unhappy with the decision, the concerned person shall make a representation to the Director. The Director shall give his decision in seven days' time. If the person still remains unhappy, he/she can make an appeal to the Management and decision shall be final and binding. A working group of three members including one student member of the grievances committee shall regularly monitor the activities. The group shall sort out grievances from suggestions, recommendations and new proposals. Grievances alone shall be referred to the competent person/body. Other things shall be set apart for the general body, management committees/governing body, for action.</p>
